VOL. XXVI, NO. 56 GAINESVILLE, FLORIDA, TUESDAY, APRIL 13, 1909 TEN CENTS A WEEK

DR. MURPHREE ACCEPTS UNIVERSITY PRESIDENCY

Elected at Joint Meeting of Boards to Fill Vacancy Caused by Dr. Sledd's Resignation.

The Times-Union of Sunday contained the following account of a meeting of the Board of Control at Tallahassee Saturday:

"TALLAHASSEE, April 10.—At a joint meeting of the State Board of Control and the State Board of Education held this afternoon, the resignation of President Andrew Sledd of the University of Florida at Gainesville was received and accepted, and President A. A. Murphree of the State College for Women at Tallahassee was elected to fill the vacancy.

"The resignation of Dr. Sledd obviates the differences that have existed between the two boards for several months.

"Resolutions were adopted at the meeting which make public the details of the differences which have existed and without doubt were the direct cause of the resignation of Dr. Sledd.

"The question of the duties and powers of the respective boards regrading the election of heads of the State institutions caused the dispute which led to the clash between the two boards. By an act creating and defining the duties and powers of the Board of Control, the members of this board believed that they were invested with the duty and authority to elect a head of State institutions under their control.

"A short while ago the Attorney-General, Mr. Trammell, was asked to give an opinion regarding the duties and powers of this board, as well as the Board of Educatioin the right to confirm or reject the appointments of any or all heads of State institutions made by the Board of Control.

"A sensation was sprung at the meeting when Chairman N. P. Bryan of the Board of Control, moved that State Superintendent Holloway produce a copy of a letter alleged to have been written by him (Holloway), and sent to certain citizens at Gainesville intimating that the Board of Commissioners of State Institutions, composed of the Governor and his cabinet, would not allow the expenditure of further funds from the appropriation of new buildings at the University if Sledd was retained. This Holloway refused to do.

"Dr. Sledd is highly regarded by the members of the Board of Control and he has done magnificent work in the development of the University. The resolutions pay tribute to his ability.

"Dr. Murphree has asked for a little time in which to consider the matter before a final decision."

Dr. Murphree Accepts.

The Sun received a message from Tallahassee Monday morning stating that Dr. Murphree had accepted the presidency of the State University, and that he would probably visit Gainesville during the coming week.

Enters Upon Long Voyage.

Chas. M. Fisher, son of Mr. and Mrs. H. A. Fisher of North Gainesville, is now en route to the Philippine Islands, having sailed from San Francisco Friday for Manila.

Mr. Fisher recently received appointment through the University of Florida, under civil service rules, as a member of the Philippine constabulary, and will enter upon his new duties as soon as he reaches Manila. The position requires that he remain in the service for at least two years, and while his many Gainesville friends were reluctant to see him go, all feel sure that he will prove equal to any line of duty which may be assigned him.

This makes the second Gainesville boy to take up life in the Philippines, Sam J. Burnett, Jr., having gone there a year or more since to engage in the Government service.

Postponed.

The "Trades Extravaganza" has been postponed until Thursday night, April 15th, because of not being able to secure the opera house for the necessary number of rehearsals.

There will be rehearsals Wednesday and Wednesday night.

Arcadia Mob Lynched a Would-be Assailant Sunday

ARCADIA, Fla., April 12.—John Smith, the negro who Saturday dragged Miss Mary Steel Ewing from her buggy, two miles from Arcadia, in an attempt at criminal assault, was taken away from the sheriff and his deputies at an early hour Sunday morning and hanged to a tree.

Miss Ewing, who had been to the city on a shopping tour, was returning to her home, four miles from the city, when the negro sprang into the buggy, seized her and dragged her into the bushes, throwing her down and choking her.

The young woman begged, fought and prayed to the negro to let her go and offered to give him $100 in cash if he would accompany her home, but this did not stop him, who was about to force his victim into submission when Miss Ewing, in her struggle, saw Will Knowles and his brother walking some distance from the scene. With renewed vigor she screamed and this attracted the Knowles brothers, who rushed to her assistance. The negro made his escape.

After taking Miss Ewing to her house the men rushed to this city, spread the news and bloodhounds, followed by a posse of 300 men, were soon on the trail. The negro was found at a turpentine camp and was taken before his victim, who positively identified him.

Pursuers Were in Auto.

Sheriff Freeman and his deputies succeeded in placing Smith in jail, but being afraid of an attack attempted to spirit him out of Arcadia, when they were met by an automobile party, held up and forced to give up the prisoner.

The negro, seeing that he was doomed to death, pleaded for mercy, but there was none for him in the hearts of the men, who carried him to the edge of the city, where they strung him up to a tree. His body was still hanging yesterday morning. Miss Ewing positively identified the clothing on the negro and pointed out the shirt she had torn in her efforts to escape.

A QUIET SABBATH IN TALLAHASSEE

A NUMBER OF LEGISLATORS ATTENDED EASTER SERVICES.

Indications That Many Bills Will Be Introduced In Both Houses This Week.

TALLAHASSEE, April 12.—Serenity reigned supreme in the State capital yesterday. A majority of those members of the Legislature whose pleasure it was to spend the Sabbath in Tallahassee attended both morning and evening services at the beautifully decorated churches. There is an unspeakable sublimity to the environment here. The pretty homes, with their gardens claiming wealth of flowers, the thoroughfares lined with great spreading oaks, and the people with an adorable friendliness, serve to make Tallahassee a veritable Garden of Eden. The surrounding country with its green hills and tall stately trees with their wax-like green foliage is picturesque. The weather here was ideal throughout yesterday, in contrast to Easter Sunday two years ago, when the legislators were last here.

Both Houses of the Legislature will convene at 3 p. m. today, and indications are that there will be many bills introduced in both houses during the week.

OUTRAGE PERPETRATED UPON JUDGE SHEPPARD

HIS HOUSEHOLD GOODS ATTACHED BY NEGRO'S ATTORNEY.

Claimed That Negro Was Injured by Judge Sheppard's Automobile, and He Wanted Damages.

The following, which appeared under an Atlanta headline dated Saturday, will be read with interest by the many friends of Judge W. B. Sheppard, Judge of the United States Court, this district:

"While Judge W. B. Sheppard of the United States Court for the Northern District of Florida, who has a residence in this city at Juniper and Tenth streets, was absent from his home Thursday afternoon, it was stripped of furniture by baliffs, under an attachment issued at the instance of Attorneys Charles J. and Jesse L. Moore.

"The whole matter came out in police court yesterday as the result of the trial of Philip Beall, Judge Sheppard's secretary and chauffeur, upon charges of exceeding the speed limit, it developing that while Judge Sheppard was absent from home and Mrs. Sheppard was ill, two justice court bailiffs accompanied by three negroes, entered his home and took from it every article of furniture, excepting the beds, took the wearing apparel of both Judge and Mrs. Sheppard and even the toys, with which the children were playing, while the little ones cried and begged for their return.

"This was done under a writ of attachment issued from Justice of the Peace Jackson's court, alleging a claim of $500 on the part of a negro named Sam Osborne, who was recently injured by being struck by Judge Sheppard's automobile. Osborne was represented by the Moores. It is said the Moores had offered to settle the case for $150, and that Judge Sheppard had offered to pay the doctor's bill and for the time lost by Osborne, who was not seriously hurt, but this was refused.

"Judge Sheppard emphatically denounced the proceedings in Recorder's court, declaring it an outrage upon the United States Court, and asserted that the Moores were insulting in their manner and actions toward him. This Charles Moore pronounced false and said Judge Sheppard was the one who offered the insults.

"Judge Sheppard said the physician who attended the negro told him $50 would be a most liberal payment, and he offered that, though he did not consider himself legally bound to pay anything at all. Recorder Broyles dismissed the complaint against Beall, which was not sustained.

"Edgar Watkins, attorney for Judge Sheppard, located Judge Sheppard's household goods at Justice Jackson's court, gave a replevin bond and they were returned to Judge Sheppard's home."

FORMER GAINESVILLIAN MEETS DEATH IN TAMPA

D. W. McDonell Struck on Head With Pitcher Which Resulted in His Death.

News was received in this city Sunday of the sudden death of D. W. McDonell, which occurred at Tampa while the man was on one of his occasional sprees.

McDonell first came here as a carpenter and later engaged in another business, but afterwards took up the vocation of farming. In fact, he did a little of everything and followed more than a dozen different lines while living here.

A few weeks since he became dissatisfied with this section and left, with his young wife and child, for Tampa, where he hoped to find work, but as he was a man that could not stand temptation in the whiskey line, his friends advised him to stay away. He failed to heed this, and like many, also failed to find work, being finally thrown against fate which put him to drinking even harder than ever, and it is said that an old friend of his late father had taken care of him and his wife and was doing his best to sober the man when the accident occurred that caused his death.

Following is a partial account of what The Tampa Times has to say of the occurrence:

"Apparently as the result of a blow received on the head from a water pitcher hurled at him by John Boatwright, Donald McDonell died at an early hour this morning at the home of the former, 2008 Michigan avenue, near Twenty-first street.

"Immediately after McDonell's death Boatwright came to Tampa and gave himself up to the police, who turned him over to the county officers, and he is now in jail.

"The story of the tragedy is that McDonell, who, with his wife and child, was stopping at Boatwright's house, had been drinking and was annoying the members of the Boatwright family by going from one room to another and refusing to remain in his own room. Boatwright is said to have put up with it for some time and then forcibly put him into his room. When McDonell again attempted to leave it, Boatwright threw the water pitcher at him, striking him on the left side of the head. MacDonell fell to the floor, and Boatwright realizing that he was badly hurt, rushed to him, lifted him onto his bed and sent a message for Dr. Edward Smoak, who shortly arrived on the scene. This was about 10 o'clock last night, and after examining the wound the doctor expressed the opinion that the man would be all right in the morning and left.

"Boatwright said some of the members of the family remained in the room with the wounded man, and about 1 o'clock, while sitting up in bed, he suddenly collapsed, and in a few moments was dead.

"McDonell was without means, and had been drinking a great deal of late. Because of some debt of gratitude which Boatwright owed to McDonell's father, he had taken the man and his wife and child into his home, having expressed a hope of reforming the man."

The remains were prepared in Tampa and shipped to Micanopy, where the interment was held, deceased being placed beside one of his children which died a few months since when he was employed as an engiener there.

When sober he was a kind and considerate man, but like most all others, was unruly and ungrateful when under the influence of whiskey.

Twin Auctioneers.

There will be something unique introduced to the people of Gainesville on Wednesday, when the Watson Realty Company, the people who sell a lot a minute, will have the famous twin auctioneers crying the same bid at the same time in the same tone. This is something entirely new in the real estate auction line and your time will be well invested by spending a portion of it in hearing these wonderful men. Special attention will be given to ladies and beautiful silver souvenirs will be given away.

Senate May Take Up the Payne Tariff Bill Today

WASHINGTON, D. C., April 12.—The Senate will take up the Payne tariff bill early this week. Because of the large number of changes made in it by the Senate Committee on Finance, it probably will henceforth be known as the Payne-Aldrich bill. It probably will be reported today.

As is usually the case in the presentation of tariff bills, the Republican majority has assumed the right to indicate the Senate's attitude toward the bill, so that whatever amendments may be suggested when it is returned to the Senate will be the result of their labors.

The Democrats will be asked to go over the work of the majority members, and if for any reason they should ask delay for a day or two it probably would be granted.

It is not expected that many speeches will be made in the Senate. While not accepting the protective principle, the Democratic members realize that the measure will be passed, and they are not disposed to cause unnecessary delay. Consequently most of the discussion by the Democrats will be upon the merit of amendments.

While the Senate is wrestling with the tariff bill the lower body will meet only on Monday and Thursday when the census bill, as passed by the Senate, will receive attention, but little or no other business will be undertaken.

WO SUNDAY BLAZES CALL OUT DEPARTMENT

AMAGE IN BOTH CASES WAS NOT HEAVY.

he First Fire Offers Suggestion to Council in Reference to the Back Alleys.

Sunday morning the fire department as called out to extinguish a blaze hich was found to be in the rear of he G. W. Hyde Company's store and hich, in a short while longer, would ave amounted to a great conflagraion, it having advanced in the neighorhood of the Baird Hardware Comany, where a large quantity of oil nd other inflammable materials are tored.

It is supposed that the fire originated from a cigarette and had probably been smouldering for several hours, as it was not until about 4 o'clock when Policeman Owens heard he cracking of the boards and was nvestigating the affair when he eard someone yell "Fire!" and he uickly turned in the alarm.

For some time darkies have been congregating in alleys to do their drinking from bottles and are always throwing away cigarette stumps, cigars, etc., and it is supposed that this is the cause of the conflagration.

The damage will amount to about $50. The doors and windows of this building are all metal-lined and this kept them from igniting while the flames were so intense.

Reward of $50 will be paid upon conviction of party who set fire to boxes in rear of the Hyde store April 11th, 1909. L. L. Hill.

The Second Alarm.

At about 11:15 a. m. Sunday the department was called by 'phone to the residence occupied by Joe Taylor, where the kitchen was found to be ablaze, but it was extinguished with the aid of the chemical engine and the damage will not amount to more than three dollars.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free,

Very Unlucky.

Not long ago a certain farmer became bankrupt. In the course of his examination before the official receiver he admitted that he had been speculating on the turf. Moreover, he went on to explain that he had experienced what he described as "plaguy bad luck."

"Did you know anything about horse racing?" the bankrupt was asked.

"No," was the reply; "that's why I engaged a fellow who did to buy some 'osses for me."

"And these horses turned out badly, I suppose," suggested the official receiver.

"Very," was the reply, "though I don't blame the 'osses for that. They tried hard, but summat wor bound to turn up to upset 'em. They nearly allus ran second!"

"How do you account for that?"

"Well, sometimes they ran second 'cos they'd overmuch weight to carry, sometimes they ran second 'cos the jockey had backed another and wanted 'em there, but more often than not they ran second 'cos the judge would have 'em there! Sometimes, again, they ran second 'cos there wor nobbut two 'osses in the race!"—London Telegraph.

TWO NEGRO WOMEN ENGAGE IN FIGHT

KNIFE WAS USED BY ONE OF THE COMBATANTS.

Her Victim Seriously Cut About Head, Shoulders and Body, Which May Prove Fatal.

Alvena Carr, a young negress of Newberry, was brought here yesterday by Deputy Sheriff Smith and placed in jail to await the results of a cutting affray which she was engaged in on Sunday evening.

While the good people of the town were quietly resting at their homes Sunday they were attracted by the screams of women in what is known as the "club section" of Newberry, and it was found that two negro women were engaged in a fight and each were apparently being cut to death.

The deputy arrived among the first and separated the two belligerents, when it was learned that a woman by the name of Minerva had become engaged in a quarrel with the Carr woman, knocking her down with a chair. When the Carr woman arose they both went to fighting, when, it it alleged, the Carr woman cut her antagonist about the neck, head and shoulders and so dangerous were the gashes that she was bound over by Justice Carter to await the result of the wounds.

The row occurred at one of the club rooms and at first it was thought that both victims had used knives, but only Minerva was found to be stabbed.

FOR CITY MARSHAL.

To the Voters of the City of Gainesville:

I am a candidate for City Marshal, for re-election on April 13. I have served the people faithfully and efficiently, night and day, and my record is open for inspection.

If my service during the past year has been satisfactory I ask the support and vote of each and every citizen who is qualified. I can only promise the same service as I have endeavored to give in the past.

Yours for order,
BEN T. ARNOW.

I take this method of informing the public that I am a candidate for City Marshal at the election to be held on April 13, 1909. I respectfully solicit the support of all voters, irrespective of party affiliation, and promise to faithfully and impartially discharge the duties of the office should I be elected. Respectfully,
CHAS. C. WARREN.

FOR TAX ASSESSOR.

To the Voters of the City of Gainesville:

I respectfully announce myself a candidate for City Tax Assessor for the year 1909. Having been Tax Assessor for four years, I am fully prepared to fill the office, as my record will show, the city assessment having been increased in that time from a little over $600,000 to over $1,000,000. I was prevented from running for this office last year on account of sickness, and now respectfully solicit your votes. W. M. BRADFORD.

To the Voters of Gainesville:

I hereby announce that I am a candidate for re-election to the office of City Tax Assessor for the year 1909, in the election to be held on April the 13th, and most earnestly request you all to give me your vote and support for the position.

Thanking you for your past endorsement, I remain, Yours very truly,

REVIVAL MEETINGS CLOSED ON SUNDAY

TWO GREAT SERVICES HELD AT THE TABERNACLE.

Singing of Mr. and Mrs. Schofield Proved Big Feature of Services.

Pastor Rogers Pleased.

The closing services of the series that have been in progress for the past two weeks closed with two great services at the Tabernacle Sunday.

Dr. Martin, who conducted the meeting, is the most rapid speaker who has yet visited our city—in fact, too rapid for the average listener to keep up with him. He enters at once into his theme, after taking his text, and for thirty or forty minutes he pours a perfect rain of words and logic into his subject. He makes no pretense to form or eloquence, but speaks at each service as though it was his last opportunity to plead with men, and his time for the plea limited. He brings no pressure to bear further than his theme, to induce people to unite with the church. He puts the Bible very plain and strong.

Pastor Rogers says the real and lasting benefit comes to those who are saved already. He thinks the services a great blessing to his church and to all Christians who attended the meetings.

Mr. and Mrs. Schofield as singers are in advance of any of their class who have yet visited this city. In fact, their stay among us was an honor as well as a blessing. Mr. Schofield was selected from among the many to lead the music in the great Moody Institute, Chicago, in which work he has the assistance of his wife, whose beautiful voice charmed everyone who heard her. Mrs. Schofield is an example of what the grace of God can do for a woman. She was a trainer of opera choruses when converted, getting $3 an hour for her time. She gave it all up and began at once singing for the glory of God. She is modest, gentle, refined, beautiful. So many of the children and ladies fell in love with her until they kept her completely loaded down with flowers. Let it be hoped that this charming couple can be induced to return to our city some time in the near future.

Upon the whole the meetings have been a great success.

The Swine or the Flower?

Ah me! I saw a huge and loathsome sty,
Wherein a drove of wallowing swine were barred,
Whose banquet shocked the nostril and the eye;
Then spoke a voice, "Behold the source of lard!"
I fled, and saw a field that seemed at first
One glistening mass of roses pure and white,
With dewy buds 'mid dark green foliage nursed;
And, as I lingered o'er the lovely sight,
The summer breeze, that cooled that Southern scene,
Whispered, "Behold the source of COTTOLENE!"

Card From Rev. Rogers.

To the Citizens of Gainesville: I am leaving the city for a week on urgent business and it has just reached my ears that a report is being circulated over the city which is calculated to wound feelings without a cause, and to do me a grave injustice.

I understand that the report is out that I said at The Tabernacle Sunday night, that those who disturbed the speaker in the afternoon by leaving the house while he was speaking were neither ladies or gentlemen and a disgrace to the city. This statement, if it is being circulated, I wish to say is not true. I am incapable of a remark so alien to truth and radical in expression. Twice I did call attention to this disturbance, and did so Sunday night, and what I did say was this: "It pains my very heart to speak again of a matter which I had hoped I would not be compelled to refer to again—that for people to deliberately get up and leave a house while a man was trying to press home some great truth was not only discourteous to the speaker, but was a reflection on the city at large and on our homes, and I was very sorry that some had been so thoughtless during these services as to forget the respect and courtesy due a service of this kind—that I did sincerely trust the strangers among us would not judge our people by these things—that our people were a respectful people, as much so as could be found in any city."

I had only one thought, our good; only one desire, the protection of our reputation as a model place. I refer to the five or six hundred people who were present as witnesses to the above statement.

Very respectfully,
S. B. ROGERS.

S.S.S. REMOVES BLOOD HUMORS

Every pore and gland of the skin is employed in the necessary work of preserving its smooth, even texture, softening and cleansing it, and regulating the temperature of our bodies. This is done by an evaporation through each tiny outlet, which goes on continually day and night. When the blood becomes infected with humors and acids a certain percentage of these impurities also pass off with the natural evaporation, and their sour, fiery nature irritates and inflames the skin, and dries up its natural oils, causing pimples, boils, pustules or some itching rash, or hard, scaly skin affection. S. S. S. cures skin troubles of every kind by neutralizing the acids and removing the humors from the blood. S. S. S. cools the acid-heated circulation, builds it up to its normal strength and thickness, multiplies its nutritious, red corpuscles, and enriches it in every way. Then the skin, instead of being irritated and diseased by the exuding acrid matter, is nourished, soothed and softened by this cooling, healthy stream of blood. S. S. S., the greatest of blood purifiers, expels all foreign matter and surely cures Eczema, Acne, Tetter, Salt Rheum and all other diseases and affections of the skin. It removes pimples, blackheads, and other unsightly blemishes from the skin and assists in restoring a good complexion. Book on Skin Diseases and any medical advice desired free to all who write.

A passenger train on the Seaboard Air Line was wrecked near Denmark, S. C., Saturday as the result of the work of some murderously-inclined person changing a switch. The penalty cannot be made too severe for the scoundrel who will stoop so low as to endanger the lives of innocent people by deeds of this character.

The city election will be on today. The candidates for the various offices upon whose names you will vote are all gentlemen, citizens of Gainesville, men who are property holders here and interested in the city, and they will one and all work for its best interests. In consequence you may go to the polls with the assurance that it is a contest among friends, no matter who wins.

Governor Gilchrist's recommendation that the authority to amend charters of the various cities and towns of Florida be vested in the councils of the municipalities has been most favorably commented upon by the press of the State. In his message to the Legislature concerning this subject he said: "Much time of the Legislature is usually taken up in the consideration of town and city charters. Such measures effect the local interests of the various members of the Legislature. They are usually of more importance to them than general legislation that affects the entire State. It is recommended that an act be passed by which these various charters can be amended by the councils, the same to be submitted to the qualified electors as a referendum. This is undoubtedly a better plan of safeguarding the interests of the people of the various towns and cities, than the usual manner of passing any old bill which may be introduced, without giving it any attention whatever."

UNIVERSITY'S NEW PRESIDENT.

The election of Dr. A. A. Murphree, for the past four years president of the State College for Women at Tallahassee, to the presidency of the University of Florida, to fill the vacancy caused by the resignation of Dr. Andrew Sledd, will give general satisfaction to all who take an interest in higher education in Florida. His election should eliminate all discord that may have existed between the boards governing the institution, and while the people of Gainesville will regret to lose so distinguished a citizen as Dr. Sledd, should he decide to cast his lot elsewhere, they will gladly welcome the coming of his successor.

In speaking of the matter editorially The Times-Union says of Dr. Murphree:

"As a scholar he has few equals. As an educational executive officer, he has been a success at all times, and we expect under his management a greater prosperity for the State University than it has ever enjoyed.

"We are pleased with the selection of a Floridian for the chief educational position in the State. Of course, we would not limit the Board of Control or the Board of Education to the State in the selection of men for educational positions. They should get the best wherever they find them, but they should not take it for granted that the best are not right here in Florida. All other things being equal, a Florida man is better than an outsider, because he knows the people better and is better known by the people. He also better understands the conditions and the needs of the State.

"Dr. Murphree is not a native of Florida, but he is none the less a Floridian. He became a Floridian from choice years ago. He has devoted his energies to education here; he has built for himself a reputation here, and he is one of us.

"He follows a distingished, a scholarly, an able man. Dr. Sledd has done a good work in putting the State University on a high plane. He has been a success in the past, and his commanding talents guarantee his success in the future.

"Florida has a university which stands high among similar institutions in course of instruction and in corps of instructors. There is no reason why any student should go out of the State to finish his education unless he wishes to enter a profession for which the State University has no special course. Floridians should patronize their home institution, and help to place it at the very top among the educational institutions of the land."

CURRENT COMMENT.

The Norfolk Virginian-Pilot (Dem.) says: "Though the method is altogether objectionable in itself, it really made very little difference whether the tariff bill was jammed through the House or not. The schedules which will finally become law will be those which Aldrich and his allies in the Senate will dictate. That goes almost without saying."

The Montgomery Advertiser (Dem.) says: "The internal dissensions in the Republican party, the quarreling and the bickering would present a pleasing spectacle to the lovers of good government, if the Democratic party in Congress did not present the same spectacle. It is a pity the Democrats could not sit back unitedly and see the internal war go merrily on without mixing up in it themselves."

The Charleston Post says: "As it happens, Gen. Castro is not a private citizen. He is the lawful president of Venezuela and at any time he returns to Caracas and proclaims his resumption of his functions as chief executive, any disputant of his authority is in defiance of the law of Venezuela. The president may absent himself and commit his authority to the vice-president, which Castro has done, but upon his return to office the vice president must yield up the authority or become a rebel. That is the strength of Castro's position, and when the powers bar his progress they are not keeping a revolutionist away from a friendly nation's shore, but are actually interfering with the return of the constituted executive of that nation to his rightful place and power. It is, indeed, a remarkable position the powers have assumed, however considered."

The Tallahassee True-Democrat issued a special legislative edition on April 9th.

SELECTION IN HENS.

If you have read, as you should, many of the essays on chickens which have been uttered upon the country during the past few years, you are no doubt surprised that eggs are not over produced, says The Tampa Times. It is so easy to acquire hens with a habit of laying 200 eggs a year that it would seem that every hen ought to do that much toward general prosperity. But somehow they don't and it is explained by the University of Maine experiment station. After a nine years' trial, in which the idea of selection for high egg production was carried to the limit, the scientists have learned that the daughters of the special egg layers did not inherit the quality, and that the average of flocks remained about the same as before. In fact, the pullets from hens whose egg production was nothing remarkable made a better average of eggs than the pullets derived from 200-egg mothers. Which would seem to indicate that the egg-producing machinery part of the hen has reached its limit and the actual production of eggs depends on housing, feeding and care—that selection has already done its work.

BUSY BUSINESS MEN

Science Helps Them Out After Recklessly Abusing the Stomach.

The most reckless man in regard to health is the busy business man. At noon he rushes out for a bite to eat. He bolts his food without proper mastication, and heaps on his stomach an extra burden greater than it is able to carry without breaking down.

His overworked stomach is crying for help; it appeals to him for relief in various ways: Expulsion of sour gas; waterbrash; sour taste in mouth; heaviness after eating; shortness of breath; bad breath, etc.

One Mi-o-na tablet taken with or after each meal will help any sufferer from dyspepsia wonderfully. It aids the stomach in the work of digestion which it must perform.

Mi-o-na tablets are sold by J. W. McCollum & Co. at 50 cents a large box, with a rigid guarantee to cure dyspepsia and all stomach troubles, or money back. They make eating a pleasure.

Mi-o-na cleanses and purifies the stomach and bowels and puts vigor and strength into the overworked tissues. It is the surest stomach tonic in the world.

Mi-o-na is sold by leading druggists everywhere.

NEGRO VOTERS HAVE BUSINESS MEETING

MET FOR PURPOSE OF RATIFYING THEIR FULL TICKET.

Chairman "Bill" Nelson Figures Prominently in All of Its Affairs and Deliberations.

Chairman "Bill" Nelson called a number of his colored brethren together last night for the purpose of instructing them in making his "necessary arrangements" for the city election which will be held today.

He stated that it was held principally for the purpose of ratifying the Davis-Arnow ticket, and also to ascertain "just how strong" they would be at the election.

All of the qualified negro voters were instructed in the matter of properly marking their ballot and arrangements for carriages were made by the leading members who will assist in getting out a full vote of the colored people.

While there will always be some "pickings" for the colored people on this day, it has become less important to them, and candidates have ceased to "cough up" the money to suit their fancy as they did in the olden days.

CAUSES DEBILITY

Here Are Facts Backed Up By a Strong Guarantee.

Debility is caused by catarrh. In our opinion, a person free from catarrh was never troubled with debility. Debility can never be cured by medicine not designed to cure catarrh. We positively guarantee to cure catarrh, and thus cure debility. In every case where we fail to effect a cure, we will not charge a cent for the medicine employed during the trial. Now, surely no one should hesitate to believe us or to put our claim to a practical test under such conditions. We take all the risk; no one else can lose anything by the transaction.

We make these statements and this offer because we know and have time and again proved that Rexall Mucu-Tone will cure catarrh. It is designed for that one particular purpose. It is not a cure-all prescribed to cure every disease that flesh is heir to. It is a specific. Rexall Mucu-Tone is absorbed in the stomach and carried by the blood until it penetrates every part of the body, acting as an antiseptic, disinfecting, cleansing, soothing and healing agent. It rids the system of all germs and poisonous matter, purifies and enriches the blood, rebuilds injured tissues, cleanses and invigorates the mucu-cells, neutralizes the acids of the body, stops mucus discharge, tones up the entire system, promotes nutrition, increases body weight, and brings about a feeling of healthfulness that is lasting.

We have Rexall Mucu-Tone in two sizes. Prices 50c and $1.00. We urge you to try a bottle on our guarantee. J. W. McCollum & Co., corner East Main and Union streets.

Responsive.

There was at least one responsive hearer in the crowded little church in an English village, and it happened this way:

Guests had arrived unexpectedly at the country parsonage on Sunday morning.

The weekly supply of butter had run short, so the hospitable host dispatched old Joe, the handy man, to his neighbor, Mr. Paul, whose dairy always boasted a surplus. The parson proceeded to church with his well prepared sermon on some of the deep sayings of the great apostle and was well under way with it when old Joe, returning empty handed, concluded he would quietly slip in and hear his master preach.

Just as he entered the minister leaned over the pulpit, stretched out his hand with a most impressive interrogation in voice and manner and called out, "And what did Paul say?" Distinctly sounded through the church old Joe's reply:

"He say, marster, he ain't going to let you have no more butter till you pay for the last you got."

The Tomb of Genghis Khan.

Genghis Khan, the Mongol chief, in the thirteenth century proved himself one of the world's greatest warriors. His tomb exists at Edchen Koro and is described in Count de Lesdain's "From Pekin to Sikkim." "Two small tents, one behind the other and connected by a very low inner door made of wornout felt and admitting through their rents the rain and the wind, are the 'monument' destined to perpetuate the renown of the greatest conqueror the world has known. The ashes of the body of Genghis Khan are deposited in a kind of chest cubic in shape and placed on a wooden support made of small colored pillars adorned with paintings on all its sides except that facing south, which is covered with a finely worked copperplate representing a divinity surrounded by four animals which are not easy to identify. The tomb, in fact, has not always been here, but it is difficult to know exactly where the first descendants of the great emperor laid his remains."

A WARSHIP'S RAM.

The Huge Steel Beak Is Capable of Inflicting Terrible Injury.

A modern ram is nothing more than a huge steel beak, or spur, which is fitted to the prow of the battleship for the purpose of destroying an enemy's ship in time of war by the force of collision. Indeed, should a vessel succeed in driving her ram against another warship the blow, if delivered at full speed, would be sufficient to crush in the ship's side and sink her immediately.

A battleship's ram weighs about forty tons and is cast all in one piece. It is of solid steel and capable of striking a tremendous blow. Shell proof a man-of-war may be made, but the skill of the naval architect is unequal to the task of designing a ship that can resist the ram.

Great care must be exercised in fixing such a heavy piece of steel. The method generally adopted is as follows: The ram is suspended from a strong derrick, the bottom end of which is attached to the extreme end of the vessel's keel plates. The gap between the ram and the uncompleted part, or hull, is walled tight compartments. The weapon is so fixed that it strikes just below the armored belt, where resistance is weakest, while it is so shaped that the ramming vessel can by reversing her engines easily disentangle herself from the ship she has struck.—Philadelphia Record.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit innoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

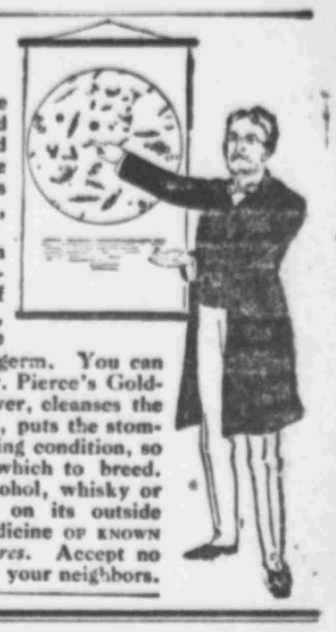
Afraid of Ghosts



Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine OF KNOWN COMPOSITION and with a record of *40 years of cures*. Accept no substitute—there is nothing "just as good." Ask your neighbors.

Grand People in London in 1806.

"I came to town on Wednesday and intended to go to the Ancient Music; made a Bungle about my Ticket; it was too late to get it. The Drawing Room was the object yesterday. They made a mistake in my Dress. It was not deep enough for my Mourning, and the glass of my Sedan Chair was not mended. Looked at my Lodgings; found them Abominable. I walked all over the Town till I was, Lord, how tired! Looked in upon the Duchess of Gordon while she took off her Hoop to Dine with the Bedfords."

This was Jane, duchess of Gordon, who rode down the High street of Edinburgh on a pig's back in the days of her wild girlhood and raised recruits for the new highland regiment when other means had failed by allowing each man to take the shilling from between her lips. Hoops were de rigueur for court dress until the days of George IV., although in private life the ladies' skirts had been growing more and more scanty since the days of the French revolution.—From "John Hookham Frere and His Friends," by Gabrielle Festing.

Winning a Violin.

The way M. Ysaye, the great violinist, became the owner of a Guarnerius violin dated 1742 was thus quaintly told by himself:

"The Guarnerius was bought in Paris by a pupil of mine, a charming young woman. I envied her the violin, and fate gave it to me. I teach this pupil, and by and by I meet her sister, a most lovely young woman, with whom I fall in love straightway and marry. Soon I go to my sister-in-law, who was my pupil, and say to her:

"'It is time you stop fooling with violin. You will never learn how to play it.' I take the liberty of a big brother, but she do not like it for long time. At last she succumb to my experience and wisdom, and she stops playing. Then I say grandiloquently:

"'I will take the Guarnerius, 1742.' I take it, and that is how the violin came into the possession of Ysaye."

They Meant Business.

A Chicago stage manager was telling of amusing incidents of blunders and errors caused by stage fright. In a romantic play recently revived one of the minor characters, a dairymaid, comes forward at the end of the recital of a love romance and comments as follows:

"Hope filled their youth and whetted their love; they plighted their troth!"

But at one of the performances the girl who played the dairymaid was absent without notice. At the last moment the manager gave the lines to a shepherdess, who had never had lines to speak before and who was excessively nervous when her cue came. This is what the astonished audience heard:

"Hope filled their trough and blighted their love; they whetted their tooth!"

The Salt Sea Legend.

There is a legend in the Norse scalds which explains why the sea is salt. The "bountiful Frodi," whose mythical reign was a golden age indeed, possessed a quern, or hand mill, which ground out gold and peace, but which would grind out stores of anything desired by its owner. Two giant maidens, ruled over by Frodi, were the grinders. In an evil day a sea rover came upon the scene, slew Frodi and carried off the quern and the two giant maidens who worked it. When the sea rover's vessel was right out at sea he ordered the maidens to grind salt. At midnight they asked if they had not ground enough. The sea rover, angry at being awakened from his sleep, commanded them to grind until morning. Now, the giant maidens naturally enough worked very quickly, so as they went on grinding the load of salt grew so heavy that it sank the ship, and now the sea will continue salt forever.

A Baby Show in Gainesville

Would have many contestants; but it's safe to say that the healthiest baby would win the prize. No baby can be healthy who suffers from worms, and most babies do unless they are kept free from them with White's Cream Vermifuge. Acts quickly, yet mildly—is its own purgative. Mothers, don't attempt to raise children without White's Cream Vermifuge. Price 25 cents. Sold by W. M. Johnson.

Surprising, What Kodol Will Do

For you, when you need it. But the longer you neglect Indigestion, the more you will suffer before Kodol can restore Good Digestion.

And, of course, indigestion if neglected long enough, brings on serious diseases in which Kodol cannot benefit you. Some of these there is no help for at all.

There are, in fact, very few ailments which cannot be traced directly to impure blood. And impure blood is always due to a disordered stomach.

Use Kodol and prevent Nervous Dyspepsia.

Kodol will effectually assist Nature to secure a complete restoration of good digestion. It does this by at once digesting all food in the stomach and keeping it digested, until the stomach is rested and can resume its own work. Kodol removes the cause—and the effect quickly removes itself.

When it is recalled that Apoplexy, Heart Disease, Cancer—and even Consumption—are due to poor digestion and poisons thus transmitted to the blood, and throughout the system—the importance of maintaining good digestion is at once realized.

We knew what Kodol would do before ever the first bottle was sold. If we did not know just what it will do, we would not guarantee it the way we do.

It is easy for you to prove Kodol—the next (or the first) time you have an attack of indigestion. And you will certainly be surprised at the results. It is perfectly harmless.

There can be no harm in trying something that may do you a great deal of good—when it costs you nothing if it doesn't.

Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say, that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 2½ times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

TELEPHONE TALKS

The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems, operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.

Deputy Sheriff W. T. Bruton left yesterday for Dunnellon with Roy Jones in charge, he having been given a sixty-days' sentence in the convict camps.

Cross-eyes straightened without the knife, headache and nervousness overcome without drugs. See Dr. Armstrong at the Brown House today—one day only.

Headache and nervousness overcome under positive guarantee by the drugless system practiced by Dr. Armstrong. The Doctor can be seen at the Brown House today—one day only.

The Woman's Foreign Mission Society of the Methodist church will hold their regular monthly meeting at the church this afternoon at 3:30 o'clock. All members are urged to be present.

I. C. Walker, night policeman of Dunnellon, is among the visitors to Gainesville. He states that he likes the people there and it is one of the easiest towns in the State for an officer to control.

There will be a business meeting of the Gainesville Musical and Dramatic Club this evening at 5:30 at the White House, and all members are urged to be present as business of great importance will come up for adjustment. By order of the secretary.

Mrs. W. T. Waters, the popular and efficient head delivery clerk of the postoffice, has returned from a short but pleasant visit to her husband at Hickman. They own a valuable farm at that point and Mr. Waters never fails to "make good" with all his crops.

Congressman Frank Clark and wife have returned to their home from the National Capital. Congressman Clark was at St. Augustine when he was called to Washington by wire on business that demanded his attention, but returned here to look after some pressing business matters.

"UNION DEPOT."

To Be Played by Local Talent at the New Baird Theatre Tonight.

Tonight the play "Union Depot" will be the attraction at the Baird Theatre, and is given under the auspices and for the benefit of the University Scholarship offered by the Kirby Smith Chapter, U. D. C. Those in the caste, which is seventy strong, are our own home people, among whom are some of the best amateur actors and actresses in the State, and an evening full of enjoyment is guaranteed to those who attend. The play is under the direction of that most versatile young lady, Miss Lizabeth Mae Melick, a graduate of one of the best schools of oratory in the country, and who is thoroughly capable of making succesful any play she may undertake to stage.

The fact that the proceeds of this performance will go into the treasury of Kirby Smith Chapter for the raising of funds for the scholarship should fill the house to overflowing. The price of admission is low enough to enable all to attend—50 cents.

The Rome (Ga.) Tribune says: "The proverbial 'best house of the season,' certainly the best pleased house, witnessed the presentation of 'A Day at the Union Depot,' last night. Every person who saw the production was more than delighted with it. The interest of seeing their kin people and friends on the stage, added to the naturally humorous lines and situations. Every character was well-taken, every dance and drill was unique and pretty, and all the scenic accessories of a real depot, from coffee-urn to weighing machine, were there.

"At half-past eight the lower floor had every seat taken, there was a good crowd in the gallery, and there were people standing in the aisles."

Egg Hunt and Party.

One of the most successful and delightful events among the little folks during Easter week was the egg hunt and party at the home of Mr. and Mrs. H. F. Watts, East Gainesville, Saturday afternoon. It was tendered in celebration of the fourth birthday of their daughter, Elizabeth, and a large number of the young friends of the little lady were present to make merry and search for the eggs "which the rabbits had hid aorund the lawn."

During the afternoon temptingly prepared refreshments were served and the time was passed in a highly enjoyable manner.
